# Pre-Registration How's and Why's

## Why Pre-Register:

The MusicMakers Pre-Registration option is quite useful in that it:

- Ensures you a spot in your favorite teacher's schedule
- Gives you "first dibs" on choosing your lesson day/time
- Saves you tuition money if you pay the semester in full with pre-registration (not if you give only a deposit)
- Lets the office plan enough teachers for the Fall
- Eases the scheduling hassles

As we get pre-registration forms, we date/time stamp them immediately. In July, when we start to schedule our fall lessons, we go into our file and start with the very first form that was handed in, and call that person first to offer them their choice of teacher/lesson day/time. Then we go to the next in chronological order, and so on.

## Who can most benefit from pre-registering?

- Anyone who wants to save money
- Families with more than one person taking lessons
- Families who are coordinating with more than one teacher
- Families who have time limitations

## How do the pre-registration options work?

Option 1 is simply a deposit. You would give us a deposit and pre-registration form now, and your deposit will be applied to your tuition in the fall. You can still either pay in full or pay monthly.

Option 2 is a pre-pay option. You would pay your Fall tuition now, using last Fall's tuition. This means that you will not be subject to a tuition increase in the Fall, if there is one. If you want to pay next Spring's tuition in full, as well, you can take the same option. Otherwise, you would pay the Spring tuition at the tuition rate at the time.

## What happens if I don't pre-register?

You would then just register by the normal time, which is August 1<sup>st</sup>. Whatever spots are still open will be given to you as an option. You don't have the option to save tuition money; you would pay our normal tuition for the upcoming semesters.

## Can I pre-register later this summer?

No--Pre-registration is only taken during a given period of time, as designated on the pre-registration form.

## I'm not pre-registering, and I may not take summer lessons either. My teacher will save a spot, right?

As much as we would love to ensure everyone's spot with their teacher, we simply can't. MusicMakers teachers are professionals who make their living through teaching year-round. We get a lot of new students who start in the summer to get a jump-start on the fall. The teachers need to fill their spots year round. So, if you don't pre-register you may lose your spot, especially if you didn't take summer lessons and didn't register on time for the Fall (August 1<sup>st</sup>).
